

Section III Choreographic Storyline

Here is the outline of the "story":

1. Walk toward each other, arrive in stillness, look for water from the sky
2. Water vibrates, becomes raindrops
3. Raindrops pool together
4. The pool of water is alive and happy
5. Eddies and whirling pools
5. Slowly becomes a stream or river
6. Stream becomes faster, rushing over rocks
7. Stream empties out into the ocean
8. Waves in the ocean crash against rocks
9. Two waves crash against each other and go through each other
10. Ocean becomes rougher; water is agitated, disturbed

11. Thunder crash -an implosion occurs-- all huddle together
12. Individuals look for comfort and safety
13. Some look for water in zig-zag motion, others stand steady
14. Vibrate hands showing tension and feet agitation moving
15. Struggles against each other
16. Struggle resolves & circle up in unity
17. Swim out of circle

18. Look longingly at water, thirsty
19. Dig for water
20. Look up, reach for water & find drop of water
21. Show the water to each other
22. The wonder of water, celebrate
23. Sharing water to drink
24. Water to face for cooling, washing, drinking
25. Water gives us energy, brings us together, and makes us happy
26. UNISON sequence in the last minutes..... important to all do this the same! three times

26. Unison sequence in detail:

1. reach slowly with longing to the sky
2. dig down
3. reach and find a drop of water
4. become the wave
5. become the eddy
6. splash the water outward
7. then respectfully appreciate the water

8. bringing water in to our personal kinesphere
9. acknowledge the enormity of the importance of water
